## ABOUT US

### TMB Baking

We are a full-service baking equipment and accessories company serving the North American artisan bread and baked goods industry. Our South San Francisco, California Company was founded in 1986 as Consulting and Marketing Services (CMS) by French natives, Michel and Evelyn Suas. In 1996, the company began operating under the name TMB Baking. Over the past 32 years, CMS/TMB Baking has served its bakery customers by providing process and layout consulting services, bakery equipment selection, installation, spare parts & technical support, and accessories & small wares to allow bakeries to grow and flourish.

### San Francisco Baking Institute - SFBI

In 1996, Michel founded its sister baking school, the San Francisco Baking Institute (SFBI). SFBI is a world-renowned leader in artisan bread and pastry education. SFBI's global alumni base includes thousands of professionals and enthusiasts. It also consults to top domestic and international bakeries. Experts praise SFBI for elevating the baking craft and raising the standard of bread and pastry education. Critics have deemed Michel Suas' book, *Advanced Bread and Pastry*, as the authoritative textbook in the field.

Michel Suas sold TMB Baking to a group of TMB's employees in 2011 in order that he might focus on the school and his retail stores, including Thorough Bread & Pastry & b. patisserie. TMB Baking is still located next door to SFBI, and serves as an enduring resource to the baking industry, as well as to students that attend SFBI's outstanding programs.

**Together, TMB Baking and SFBI constitute a globally recognized center of baking excellence, serving customers, students and consulting clients worldwide.**
